“The Story of The Ghost In The Machine and The Gateway To Child Trafficking Written For Rolling Stone Magazine”

By Michael Dean Jarman (801) 278-7000. Rough Draft Updated 12.4.25

(At about 40 pages (80 double-spaced) this is an extended version of “The Gateway To Child Trafficking” (10 pages/20 double-spaced) but is a more concise version of the (150 page/300 double-spaced) previously released PDF titled “Juggernaut Bubblegum.” The reason pages are “double-spaced” and paragraphs are numbered and size is 13 point is because that is the format court documents are preferred to be in within “The State of Utah.”)

# THE SCAPEGOATED “GHOST IN THE MACHINE” PROLIFERATING THE GATEWAY TO CHILD TRAFFICKING AND ALL THE WORLD’S TERRORS OVER THE PAST 100 YEARS HAS BEEN EXPOSED AND YOU WILL NEVER BELIEVE WHERE IT IS HIDING.

WARNING: There is nothing that can prepare you for what you are about to discover about the many layers of scapegoats scapegoating “The State of Utah,” scapegoating every other state and scapegoating trillion-dollar “Mormonism.” This is because where this really leads is to ongoing “Invisible Death Marches,” “Family Disassembly Lines” and “Fatal Human Trafficking On An Industrial Scale” happening from moment-to-moment while being hidden behind the

scapegoated “American Flag” by “state authorities” rather than being hidden behind their own “state flag” so the entire “U.S. Government” gets blamed for it instead of the corrupt “state authorities.”

1. For more than 40 years, to fabricate, launder and steal billions of dollars in “funny money” from scapegoated layers of “The U.S. Government” in a huge number of heinously unthinkable ways as part of trying to control “The U.S.A.” and “The World,” “authorities” hiding within “The State of Utah” have been scapegoating “U.S. Congress” to scapegoat all layers of “authorities” in every state as part of monetizing and proliferating a heinously unthinkable gateway to child trafficking disguised as “foster care,” “adoption” and “family court.”
2. Millions of targeted American children and parents have not survived the many different stages and these deaths and other ways they have been silenced is how it has all stayed hidden for so many years.
3. In exchange for tangibles and intangibles from a heinously unthinkable spectrum of “desirables,” the scapegoated, duped and ritualistic “state authorities” in every state have been deceptively baited into collectively, individually, commissively and omissively proliferating the stages of this gateway to child trafficking by deceptively targeting children in different stages through all manner of secretly weaponized “child cares,” “schools” and “courtrooms” then using fatal schemes of “suicide baiting,” “rage baiting,” and “honey potting” against the targeted parents to keep it all hidden. When those schemes fail to fatally eliminate a parent quickly

enough, the scapegoated, duped and ritualistic "state authorities" use scapegoated, duped and ritualistic "law enforcement officers" in different stages of fatal "swatting" schemes.

4. There is indisputable proof that over the past 40 years, different layers of huge numbers of local "child cares," "schools," "courtrooms," "police departments," "jails" and "political offices" have been used to proliferate this gateway to child trafficking. Places that for generation after generation we were deceptively baited into trusting the most and to seek out during our most vulnerable times.
5. Regardless of "title" and depending on their leverage, their access to certain "desirables," what they are willing to do to keep it all hidden for themselves and for others, etc…some scapegoats have collected exponentially more "funny money" than others. While an easy-to-dupe, uneducated, female "police chief" or inexperienced male "psychologist" might get a new car out of it every year, a questionably-educated male "attorney" or a questionably-appointed female "judge" might get millions out of it every year. A counterintuitively "elected" corrupt politician, male or female, might get tens of millions every year. A generationally corrupt political family might get hundreds of millions over the years. However, that's all nothing to the hundred of billions of fabricated, laundered and stolen dollars the most sinister layers get. All without any regard for the lives of the millions of American children and parents monetized by the collective, individual, commissive and omissive doom loops of scapegoats scapegoating scapegoats as the many different stages of targeting, exploitation and

elimination wind their excruciating, devastating, unsurvivable ways towards millions upon millions of baited American children and parents from moment-to-moment.

6. There are also huge numbers of educated, qualified and experienced females and males in similar roles during these same generations who weren't duped into proliferating these heinously unthinkable terrors, because of that, because of where all this goes and the huge number of "authorities" involved over the years all adds up to many thousands of "state authorities" acting as "bad actors," "domestic terrorists" and worse, the most sinister layers will stop at nothing to keep it all hidden.
7. Part of the most sinister layers stopping at nothing to keep all this hidden is also because going back more than 100 years and also including finance, gold, global trade, war, coup, assassinations, assassination attempts, genocide and ecocide those most sinister layers have been hiding, generation after generation, behind scapegoated layers of trillion-dollar "Mormonism" deceptively and superficially headquartered within "The State of Utah."
8. While going back even further to the year 1816 and through the early 1920's we know there may have been a selectively-altruistic, collective form of "leadership" maintained through three generations hiding behind the counterintuitively created "Mormonism," we know that after the 1930's those forms of leadership began to fracture and that over the past 40 years, especially with the public proliferation of the internet in the late 90's and early 2000's and counterintuitive events since, that

those most sinister layers have continued to fracture in irreversible ways causing those layers to deteriorate into monstrous cabals of ritualistic cults that are not only at war with "The U.S.A" to control it and to control "The World," but they are also at war with each other.

9. Everything terrible in the world today is a bi-product of these leaderless, warring cabals of rival cults and their doom loops of scapegoats scapegoating scapegoats.
10. What they are warring over includes long lost control of a vast spectrum of volatile moving targets they misguidedly still misbelieve are "assets" that can be "controlled" in the same ways as they were in the pre-internet days of old. Some of those assets being used time and time again. Some of those assets turning into relics after being "constructed" for one purpose but then stalled for years. Most of those relics accelerating in out-of-control ways requiring elaborate, counterintuitive, funny money financed scripts to be proliferated under the illusions of "news" in all manner of ways.
11. These "assets" include a vast array of physical and biological constructs including national finance, paid parts of the media for all manner of mass manipulations, medicine, poisons disguised as "medicine" and more all fueled by that endless, bloody river of "funny money" that for generations has been so easily fabricated, laundered and stolen through those scapegoated layers of "The U.S. Government." (Shhhh…don't tell China.)
12. Because generational, billion dollar, public and less-than-public "super soldier" eugenics projects and other short-sighted, misguided atrocities of "race

manipulation" also go back to the early 1900's and include roots to particular regions as well as scapegoated philanthropists and less-than-scapegoated philanthropists back then, we cannot ignore the generational reality of "eugenics" also being one of those "assets" that the cabals of rival cults of today are at war with each other to "control" as they were controlled in those days of old. These original hubs include the greater regions of New York; Palo Alto/San Francisco, California; and Chicago, Illinois/Madison, Wisconsin. In addition to "The American Breeders Association" (founded in 1906), the "Eugenics Records Office" (founded in 1910) and Stanford University (founded in 1885) other notable names either founding or funding eugenics include: "Titanic" owner and Connecticut born J.P Morgan; Scotland born steel industrialist Andrew Carnegie; New York born Mary Averall Harriman, the wife of New York born railroad baron E.H. Harriman and mother to the precocious, fearless Mary Averell Harriman as well as mother to financiers W. Averell Harriman and E. Roland Harriman; the New York born husband and wife Leland and Jane Stanford (and the New York born David Starr Jordan who was their hand-picked first President of Stanford University in Palo Alto, California for 23 years from 1891-1913). Because of this and more, we also cannot ignore the ongoing but now "out-of-control" role some less-than-public eugenics projects have generationally played in that huge number of "child cares," "schools," "courtrooms," "police departments," "jails" and "political offices" proliferating this gateway to child trafficking, not just within "The State of Utah" but in all 50 states and beyond. Then there's the "public" role

that eugenics projects from back then have knowingly or unknowingly played in other “assets” knowingly and unknowingly in the paid parts of the media including “entertainment” such as TV, movies and music.

13. Outside of connections to the Chicago/Madison area by counterintuitive “appointees” within “The State of Utah” today and going back generations, this “funding” also includes generational connections to New York’s-1820’s-Erie Canal funding-global linen shipping “Brown Brothers Company,” New York’s-1820’s-“Mormonism,” and more than 100 years later the 1930’s merger of New York’s “Brown Brothers and Company” and New York’s “Harriman Brothers and Company” (W.A Harriman and Company) into what is today a less-than-public, trillion-dollar, private equity firm known as “Brown Brothers Harriman.”

14. Like looking into areas where present or past scapegoated or less-than-scapegoated “authorities” are “from,” when it comes to TV, movies and music you don’t have to look far based on areas that living or dead actors and musicians are from.

    a. For example, patterns indicate that the parents of the 1930 born Clint Eastwood who grew up in the San Francisco area may have knowingly or unknowingly been part of one of the eugenics programs in that area but when a teenage Eastwood, still a decade away from doing his first TV commercial as an actor, proved to be too hard to control as a potential “super soldier” those behind the program tried to kill him in a counterintuitively instigated and scapegoated “plane crash” that he

managed to survive multiple counterintuitive stages of. After other counterintuitive things before and during the plane crash in the middle of the night, Eastwood survived by swimming at least a mile from the sinking wreckage through the Pacific Ocean's black, shark infested nighttime waters of the time to the shore somewhere near Point Reyes, California. Eastwood and the pilot were the only two people aboard the counterintuitive plane being used. The pilot also survived the crash into the Pacific Ocean and made the middle of the night swim to shore with Eastwood.

b. Like other counterintuitive deaths for other "super soldier" candidates seem to have been successful at unaliving them and keeping it all hidden and while public records about all this indicate that Eastwood himself believes it all was just an "unlucky chain-of-events," it seems however that whoever tried to "unalive" Eastwood with this "plane crash" in 1951 was so confident that their plan would be successful in unaliving Eastwood that they had already told Eastwood's mother and father that the plane had crashed and completely sank with no sign of the 21-year-old Eastwood alive.

c. Just months before, Eastwood had been drafted into the army to train for the Korean War and a few days before the plane crash his parents had moved from California to Seattle. Not aware that his parents had been told about the plane crash and him starting to wonder why they hadn't called

him after getting settled in Seattle, a few days passed before he was able to track them down himself and give them a call “to say hi…”

d. (There are entire pages that could be written to describe this but for now, these two lines will have to do.)

e. Eastwood was never sent to the Korean War and was instead used to teach other soldiers how to swim for the remainder of his two-year drafted service which he sarcastically describes as “being a lifeguard” before being honorably released from the army.

f. The endearingly rowdy Eastwood would go on to father children from at least seven different women, some he knew about, others that were kept from him. All of those children also displaying different “super genetics” just like Eastwood including genetically rare physical and intellectual capabilities.

g. For those that don’t know, Eastwood was also a golden voiced crooner with a hit song in 1963 titled “Rowdy.” It is featured in an upcoming, aptly titled documentary about three generations of Eastwoods who tragically never met each other and the challenges each of those supernaturally talented but scapegoated generations faced as testosterone, masculinity and fatherhood has been trivialized, invalidated and alienated in different ways over the past 100 years as part of self-serving, selectively altruistic, blood-thirsty “authorities” (a disproportionate ratio of them being female,) proliferating child trafficking and other terrors.

15. When it comes to trillion-dollar-“Mormonism” of today, the public, colloquial version of the founding of “Mormonism” is widely and selectively taught to have taken place in “Upstate New York” all in the spring of 1820 when a hidden but more comprehensive truth encompasses 1816-1847 and includes ping-ponging across New England by one scapegoated family going back to 1805 then that counterintuitive ping-ponging expanding to Illinois, Missouri and Ohio through 1844 before the selectively taught, scapegoated, 1.5 year long trek by a small group that belonged to one of five fractures of “Mormonism” left Illinois fearlessly misbelieving they were relocating to the golden shores of California Territory but not knowing it was already secretly planned for them to stop 750 miles short of the coast and settle in the high western desert at a strategic point in the center of “The West” that back then in 1847 when they reached that point was still part of Mexico Territory and that didn’t become known as Salt Lake City, Utah, U.S.A. until January 4, 1896, almost 50 years later.
16. That original group of fearless and unknowingly scapegoated pioneers was absent its scapegoated “founder” and two other recently deceased brothers of that scapegoated family dating back to 1805 with the last name of “Smith.” Two brothers including Joseph (the scapegoated 1820’s founder of “Mormonism”) and Hyrum (5 years older than Joseph) were murdered on June 27th 1844, another brother Samuel (3 years young than Joseph) was killed 33 days later on July 30, 1844. Another scapegoated and headstrong brother named Alvin (7 years older

than Joseph) was murdered 21 years earlier in 1823 just weeks before Joseph turned 18 (Joseph was born December 23, 1805.)

17. As for that ever changing “book” that “Mormonism” is founded on, it was originally compiled as a patriotic, contemporary clarion call for the time by the patriotic and prolific writer James Fenimore Cooper and other well-traveled, well-informed patriots as a collective way to save the failing nation that 24 less-than-cooperating regions known on paper as “states” made up. However before “the book” could be published, the rough draft was stolen by a childhood friend of one those patriotic compilers who had become a powerful patriot in his own right and who stole it for his own selectively altruistic but murderous, scapegoating plan to save the U.S.A. in his own way. That book thief, had many tangibles and intangibles including being wealthy and talented in his own ways. This included him being the most prolific proprietor of the most sought after linen the entire New England region had ever sought for comfort from the terrors, tragedies and challenges of the primitive, pre-civil-war, still violently unpredictable post-Erie Canal New England region during those decades. This, with the help of ocean voyaging linen shipper Brown Brothers and Company is why he didn’t “Go West” and instead stayed in the New England region until 1870 before venturing to see what that ever changing book and it’s fearless but unknowingly scapegoated, selectively taught followers had built in that strategic point in the center of “The West” as part of saving the failing U.S.A. in his scapegoating, murderous way. His “aspiring Christian name” was Martin Harris

and to force you to do his bidding he would order the murders of those you loved long before he'd have you killed. To protect those you loved, with a zest and a zeal that could not be put into contemporary words by the endless lines of shocked-and-awwed immigrants brought to his vast property in Palmyra on his golden back-and-forth barges effortlessly floating on the river of gold that the nation building Erie Canal had been expected by some to be and did become in previously unimaginable ways, you'd do whatever Martin demanded just as the boy Joseph began doing after watching his 3-year-old baby sister Lucy Smith refuse to leave the body of their eldest brother Alvin laid poisoned-to-death at age 25 on the floor of the tiny wooden shed the nomadic Smith family had come to call their family cabin.

18. When the time finally came to trivialize, invalidate and alienate himself from within the selectively taught, public version of the history of "Mormonism" he was clever enough to dismiss his role as invisible proprietor and financier of it all by claiming that an angel appeared to him in the form of a talking dear strolling with him for a mile and that a demon appeared to him as the flickering flame of a candle. Not knowing that within the book he had stolen from Cooper, there were coded metaphors that Cooper had used revealing himself as "the author" of the compilation.
19. As the year 1829 approached the came time to set the stage for a "printing press" and supplies to engage in what would become the 7-month-long process of typesetting, printing and binding the first copies of the now bastardized and stolen

pre-publication. Prior to that however, Martin had others inject his painfully diluting modifications and other appropriations into the book in a short-sighted attempt to throw Cooper's unmistakable scent off it.

20. In the years after, Martin was also clever enough to scapegoat himself out of the selectively taught parts of the history of "Mormonism" by seeing to it that he was dismissed as a "poor faithful farmer burdened by a nagging faithless wife and who by the grace of the virgin mary mustered the courage to silence his nagging wife long enough to use his humble farm as collateral to pay for the first publishing of the book."
21. Death reports and records for many of the others involved in those 31-year-long, less-than-public beginnings of "Mormonism" reveal that the four Smith brothers weren't the only ones to be murdered or die in peculiar ways in peculiar timelines either. Because of this, it's no surprise that Martin also outlived almost everyone involved in those 31-year-long beginnings of "Mormonism" whether they were scapegoats or less-than-scapegoats like Brigham Young (who may or may not have also died from "poisoning" in 1877 two years after Martin apparently "died" in 1875.
22. Of all the people involved in the public or less-than-public beginnings of Mormonism, Martin's grave marker in northern Utah is by far the most substantial. It is an 18 foot tall obelisk while Brigham's is a 4 foot tall bust and Joseph's is a flat stone shared with his brother Hyrum and his first wife Emma Hale Smith. 2.5 years after Joseph's murder, on his birthday, Emma married Louis Bidamon and

was married to him for 32 years. She was married to Joseph for 17 years however on the shared grave marker her name is only listed as Emma Hale Smith.

23. "The Book" published in April of 1830 as "The Book of Mormon" also includes the names of a couple dark handfuls of those "others" who died in peculiar ways and who were also related by blood or marriage. This includes those others listed among the "3" and the "8" whose names are shared within the first few pages of "The Book" as "Witnesses." Depending on how close Martin was or wasn't, some of "The Witnesses" testimonies as "Witnesses" would be recanted, then reaffirmed, then recanted, then reaffirmed.)
24. Martin's boilerplate for "The Book" from 195 years ago continues to still be used today, with the exception of 4,000 changes made to it since 1830, some more selective than others. (In 2017 the trillion-dollar branch of "Mormonism" paid $35 million to one of the other five "1844 fractures" of Mormonism for what is said to be the original "printer's manuscript" of "The Book" penned without any punctuation by a man named Oliver Cowdery who Martin was also never far away from.
25. It's also impossible to ignore that those same 31 years of the less-than-public beginnings of Martin's Mormonism from 1816-1847 include the failing U.S.A. failing to continue creating new states as it had before and then in 1847 after that small group of pioneers were finally the first to successfully penetrate "The West" and settle without being wiped out by understandably less-than-friendly native American tribes, "The U.S.A." began regularly creating new states again. (Prior to

Joseph Smith telling the stories he did, more than a dozen other people with connections to different factions of a less-than-public brotherhood at the time told similar stories. Martin also did not hesitate to appropriate other parts of that brotherhood including the number "33" for what would become Martin's Mormonism.)

26. Also left out of the selectively taught, public version of the history of "Mormonism" is that simultaneous, hand-dug, construction of the 363 miles of sections that lasted 8 years from 1817-1825 and that would be combined to create the Erie Canal with the section in the Palmyra region absolutely under under the direction of Martin who understandably made sure it ran adjacent to his property. That construction in the Palmyra region being the reason the nomadic Smith family with many sons of shovel-holding age stopped in Palmyra in 1816 and stayed. Although they lived in an earlier primitive shed less than a mile from Martin's property and although all this was going on in Palmyra, within the selectively taught history of "Mormonism" it is claimed that Martin and the Smiths went on like this for eleven years with the claim that Harris did not hear of Joseph Smith and "The Book" until 1827. An impossible to reconcile discrepancy that made Palmyra locals refuse copies of "The Book" and head for the hills while those shocked-and-awwed immigrants had no reason to question it or to question Joseph's unprecedented "zest and zeal" in sharing the counterintuitive stories he shared and that he claimed were "his own."

27. Bright minds also can't ignore that in 1842, it became a requirement for the endless line of immigrants who became followers of Martin's Mormonism to wear undergarments that went from ankle to wrist. The undergarments were not made from cotton shipped in from The South and just so happened to come from a local "supplier" in the region instead.
28. When it comes to Martin's "nagging faithless wife," she was actually Lucy Hill, his "first cousin," who was his first of two "wives." When Martin was 26 and Lucy was 15, he publicly forced to marry him to keep hidden what he was privately doing to her. After nearly 30 years including Lucy going partially deaf (the suspected cause of the deafness being from close proximity to screaming directed at her for long intervals,) Lucy being beaten with a blunt object during other intervals, Lucy being relocated to a different house other than Martin's more well known residence, and Lucy birthing six living children to Martin, Lucy Hill Harris mysteriously died in 1836 at the age of 44. Within months the 54-year-old Martin married the 21-year-old niece of Brigham Young. She birthed 7 living children to Martin before Martin had her relocated to Utah in 1856 while Martin stayed in the New York area to attend to his vast industries that included products made from animal, land and linen. Just for fun or to keep locals from talking about him to immigrants, Martin would sometimes appear in public and pretend to be "crazy."
29. As for that original group of fearless but scapegoated pioneers (and at least one slave owner who apparently had nothing for his sole slave to do and no one to sell

his sole slave to) it was made up of less than 148 souls in total. The "thousands" of "Mormon pioneers" that followed came along with thousands of others during the decades that followed. That original group included 143 men, 3 women (among Brigham's first wives), 2 children (among Brigham's first children,) 17 dogs, 93 horses, 66 oxen, 52 mules, 19 cows and too many chickens to count spread across 72 wagons pulled by those oxen and mules. 3 of the men were slaves.

30. After spending the winter in Nebraska as part of the 1.5 long year journey after leaving Nauvoo, Illinois (the town that Martin's Mormonism built) then arriving at that strategic point in the center of "The West" in late July of 1847, Brigham Young, who misbelieved in slavery to such a level that he claimed it was "of divine institution" selectively used that short-sighted belief to proliferate a self-serving, ecclesiastical "twist of tithes:" Brigham allowed that man who owned that sole slave to use that sole slave as "tithe" to "Mormonism." This less-than-enlightened, short-sighted, selectively altruistic transaction adding to the list of "aspiring Christian churches" that counterintuitively owned at least one slave.

31. Upon the Smith family's arrival in Palmyra in 1816, Martin first started grooming the 18-year-old Alvin Smith to be the voice of what would become "Mormonism" but in 1820 Martin switched to then 14-year-old Joseph after Alvin became too headstrong, partly because of Alvin aging from 18 to 22 and what Alvin, because of his age, was allowed to learn about that less-than-public brotherhood that Martin was planning on borrowing so much from and that conflicted with what

Martin was compelling Alvin to claim. For Martin, the last straw with Alvin was when Alvin began interfering with Martin's grooming of Joseph as Joseph approached age 18 and for Martin "time was of the essence."

32. As the years dripped by under Martin's control, with Joseph occasionally being punished in brutal ways for lack-of-full-obedience of his own but it being too late for Martin to switch to scapegoating someone else as "the voice" forcing Martin to keep Joseph in compliance, the presidential election year of 1844 and Joseph turning age 39 arrived. During those years a group of followers became loyal enough to Joseph to create their own militia and when Martin started the murmurings for Joseph to began readying the followers for the trip to "the golden coast of California" under the illusions of "exile" (and other instigations also proliferated by Martin,) the understandably less-than-perfect, naive Joseph instead chose to publicly announce that he was running for president. For Martin, this irreversible act of non-compliance was Joseph's last straw. Hyrum and Samuel were perceived to be the "next-in-line" if something ever were to happen to Joseph so to pave the way for Martin's handpicked replacement, the less-than-scapegoated Brigham Young, Martin made sure to eliminate Hyrum at the same time too. Then as an esoteric calling card to that "brotherhood" with roots going back to Scotland decades before, to symbolize that Martin was now in control of it too, or so Martin thought, "33" days later Martin had Samuel eliminated. All three men left children behind.

33. In the early 2000's one of "Mormonism's" own researchers named Susan Easton Black published an unprecedented report titled "For the Sum of Three Thousand Dollars." Another one of "Mormonism's" own researchers named Richard E. Bennett published three reports titled "A Very Particular Friend," "Martin Harris's 1828 Visit to Luther Bradish, Charles Anthon, and Samuel Mitchill" and "Martin Harris and Three Wise Men."
34. Depending on which versions of the reports can be found in different non-scrubbed places on the internet, it is impossible for bright minds to ignore that "the childhood friend" that became Martin's connection to Cooper was Luther Bradish, a family man who lost his wife and son in 1816, a patriot, a polymath, a dynamo, an international spy and the first natural born "American" to visit Egypt during a "recon/diplomacy mission" from 1821-1826 that he volunteered for. (While in Egypt, the less-than-shy Bradish opportunistically carved his name into a shed-sized temple that, 150 years later, was deemed to be in the "fill zone" behind a new dam to be built in Egypt. In 1967, rather than letting that shed-sized-temple become a relic at the bottom of an Egyptian reservoir, the tiny temple was disassembled block by block, shipped to the Metropolitan Museum of Art in New York City and in 1978 it was reassembled. Sometime after that Bradish's artistic contribution was discovered.) Samuel Latham Mitchill was also a dynamo as a polymath, a professor and a pioneer of nitrous oxide (laughing gas) and like Bradish, he also knew a U.S. president or two.

35. Like Bradish and Mitchill, Anthon was also a scholarly contributor. As a professor of literature and language, he updated a generational publication that other authors had compiled that is known as “A Classical Dictionary” (primarily associated with John Lemprière's Bibliotheca Classica (1788) which happens to contain many names and words found within “The Book.” Anthon never married and was also a sometimes acquaintance of the very complicated poet and astronomy aficionado Edgar Allen Poe whose works published before “The Book” resemble astronomical themes found in less-than-public parts of “Mormonism.” (During a time when it was illegal to be “gay” and the punishment might even be “death,” Poe, at age the age of 27, superficially married his 13-year-old cousin claiming she wasn’t his cousin and that she was 21.)
36. Other publications published before “The Book” including “View of the Hebrews” (1823), “The Late War” (1816) and “The First Book of Napoleon" (1809) also include similarities and nearly identical stories found within “The Book” (1830.) Apparently Cooper had many friends who were honored to have him integrate some of their works into the patriotic clarion call that Cooper, Bradish and Mitchill were compiling (or Martin had more people who were afraid of him than we really know.) There are others and there is more, much, much more.
37. It is important to remember that it is the fearlessness, pain and red-white-and-blue hope of the shocked-and-awwed immigrants that Martin, the selectively altruistic, murderous, “humble farmer” turned “hidden oligarch” preyed upon and it is the pioneer heritage of hard work, creativity and family that is constantly appropriated

to superficially fuel Martin's Mormonism today at all levels. In light of recent attacks against "Mormons" it is important to remember that those who semi-fill those funny money funded chapel seats on Sundays and who semi-fill-less those counterintuitively elaborate, funny-money-funded-temples on other days of the week (and even the "highest ranking 15 global leaders of "Mormonism") are multi-generational, scapegoated victims of selective information and selective altruism all rooted in trivialization, invalidation and alienation proliferated from generation to generation too.

38. Today, when it comes to the scapegoated and less-than-scapegoated cabals of rival cults proliferating this blood-lusting, murderous, monetized gateway to child trafficking and their collective, short-sighted delusions that include misbelieving that by gaining control of "The U.S.A." they will gain control of "The World," they are proliferating the nation-destroying atrocities that they are without realizing that over the past 25 years "the world" has completely passed "The U.S.A." in exponential ways in every constructive way. That includes China, not "The U.S.A." becoming "the big brother to the world" and leading "the way" regardless of what deceptive propaganda driven by some of the most sinister layers of "authorities" try to claim about "China's People," "China's Culture," "China's Tourism," "China's Resources," "China's Economy," "China's Military" and more.

39. Because of this, until the President of the United States of America (whoever that is, whenever that is) is no longer scapegoated too, learns of these atrocities in one

way or another and takes action, every American child and their parents are not only the next scapegoated, fatally monetized victims, but every American child also represents “the next generation” of scapegoats and fatally monetized victims as they grow, become parents too and then they and their children are targeted next.

40. As part of “Operation Heaven and Earth,” an unprecedented federal lawsuit attempting to get the president’s attention in unprecedented ways was filed on October 17, 2025 in the Federal District Court District of Columbia. It is expected to result in a lawful course of action by “The President With The People.” This includes the President temporarily suspending “statehood” for “The State of Utah” while a new “state government,” “state judiciary” and “state police” are elected lawfully preventing the most sinister layers of “authorities” from scapegoating “The State of Utah” and “U.S. Congress” ever again while also lawfully creating a model of solutions for other states.
41. If the President does not take action, the federal lawsuit sets forth the lawful framework for “The People” to respond in any way they deem appropriate to scapegoated and less-than-scapegoated “state authorities” who are unlawfully attacking them or their neighbors through local “child cares,” “schools,” “courtrooms,” “police departments,” “jails” and “political offices.”
42. If either of these two course of actions by “The President With the People” or by “The People” do not happen, then the gut-wrenching truth is that for the past 100 years, there has been no “U.S.A.” just an imposter U.S.A. and ever-worsening

terror, tragedy and death can be expected -especially as radicalized groups within "The U.S.A." and outside of "The U.S.A." continue to learn of what has afflicted them and the generations before them over the past 100 years.

43. If you, Dear Reader are a member of the U.S. Military including the 800 Admirals and Generals who lead the U.S. Military or you know someone who is, I cannot convey to you how important it is for you to understand these two lawful courses of action.

44. If you, Dear Reader are a member of the military of another country, I cannot convey to you how important it is for you to understand this as it relates to global safety. Americans are not your enemy and from moment-to-moment more and more Americans are learning that you are not their enemy either and that it has always been this "ghost in the machine" scapegoating trillion-dollar "Mormonism," scapegoating "The State of Utah and scapegoating "The U.S.A." that is the global enemy to all.

45. If you, Dear Reader are a scapegoat who has been baited into these blood-lusting, murderous, monetized doom loops of scapegoats scapegoating scapegoats, now is the time to course correct and come clean because as part of the model of solutions I suggested in the federal lawsuit, it is expected that there will be tiered forms of amnesty for those scapegoats and other "imposters" who come forward sooner than later rather than them not coming forward and that requiring the U.S. Military to hunt them down and take them into custody dead or alive as "domestic terrorists." (And there is a preponderance of paper trails, missing paper trails,

shadow bank accounts and more indicating that there are many thousands of scapegoats and less-than-scapegoats who have operated through local “child cares,” “schools,” “courtrooms,” “police departments,” “jails” and “Political Offices” as seditious, treasonous, “domestic terrorists” against the U.S.A.'s most innocent, most vulnerable citizens: American children and their parents.

46. This is why NOW is more critical than ever for that “next generation” made up of today’s high school students and college students to be the voice that saves each other together and that saves the world together.

47. One lawful, rewarding, peaceful way they can lead the way together and get the president’s attention together from sea-to-shining sea is through making signs and “walking out” of class together for 33 minutes every single day until the President is on TV with the right people talking about solutions. Until the president takes action or these doom loops of scapegoats scapegoating scapegoats are finally ended in other ways, everything they do is for nothing.

48. For decades the number “33” has been the number that the most sinister layers have appropriated and weaponized and use to ritualistically mock murdered children and to signal others among them but with “Operation Walkout” and the support of parents, teachers and school administrators as part of “Operation Heaven and Earth,” in the spirit of “Live and Let Live,” the number “33” will now become a symbol of light and life.

49. (While I am in Utah, I will happily go anywhere I am needed if your university or high school needs a jumpstart and I will happily bring one of my famous, handmade, 12-foot-tall signs.)

50. As part of being a targeted parent to two targeted daughters who were taken from me by this ever-worsening doom loop of scapegoats scapegoating scapegoats and my ongoing, 7-year-long, survival that has included me eventually using myself as "bait" only to be retaliated against in ever-worsening ways but also learning more from every retaliation, it all continues to result in me compiling more unprecedented, indisputable, step-by-step proof that the most sinister "authorities" hiding within "The State of Utah" are scapegoating "U.S. Congress" and controlling all local layers of "state authorities" within "The State of Utah" —both at the "local state level" and including the offices of the "governor," the "state judiciary" the "state legislature," the five members of "U.S. Congress" from Utah, the "Utah Department of Child and Family Services," the "Utah Department of Health and Human Services," the "Utah National Guard" and more as well as offices at the "local federal level" including the local offices of the "F.B.I," the "U.S. Marshals," "Homeland Security," the "U.S. Attorney," the "Federal District Court District of Utah" and more.

51. Because the most sinister layers of "authorities" have been hiding behind scapegoated layers of trillion-dollar "Mormonism" for more than 100 years, these offices within "The State of Utah" have commissively and omissively conspired in ways that indisputably makes them the most corrupt, the most sinister, the most

blood-lusting “state authorities” in any “state” by an exponentially disgusting, nation-destroying, horrifically concerning margin.

52. This includes that to steal hundreds-of-millions-of dollars-more than every other state every year and to keep it all hidden, about 12 years ago the conspiring “state authorities” within “The State of Utah” (including those at the time in the “state offices” of the “governor,” the “state judiciary,” the “state legislature” and beyond) deceptively created 10 “state offices” to pose as “judges” as part of targeting Utah children and parents through local “courtrooms” in exponential ways by increasing the number of monetized “court orders.” To keep it hidden, the ten offices were deceptively named “Court Commissioners” instead of “judges” as the “offices” were given the power of “judges” but by naming the offices as “Court Commissioners” instead of “Judges” they could operate the offices without the public knowing what they were really doing. (It was claimed that as “Court Commissioners” the 10 offices were “created to “lighten the load for judges” so judges “can spend their time on more serious matters rather than parking tickets.”) To keep it even more hidden, video recording by “The People” was banned in all “courtrooms” and armed “Sheriff’s” in local “courtrooms” and throughout local “courthouses” were authorized to wear full tactical gear to take down, threaten and arrest anyone who dared try recording anything.

53. With these ten “courtrooms” now secretly weaponized against “The People” and hidden and without notice, without lawful paper trails and in other unlawful ways, the ten “Court Commissioners” and “state authorities” began “Doctoring The

Dockets" for each monetized "court order" to say whatever they wanted it to say as part of their blood-lusting, murderous, monetized doom loop.

54. Shortly after the creation of these 10 secretly weaponized and hidden "courtrooms" the number of names of targeted American children living within "The State of Utah" rose exponentially. Since then those annual, hidden "lists" of names have grown to average between 12,000-14,000 targeted and monetized Utah children in this gateway to child trafficking and in different stages of being eliminated every year.

55. Other patterns indicate that there are other lists in all 50 states and that as a way to steal even more, huge numbers of names of children who are already dead or missing as well as "fake names" are hidden among the real names year-after-year because the scapegoated and monetized layers of "The U.S. Government" that the lists are used to target are counterintuitively prevented from ever vetting the "proof of life," the "lawful paper trail" and the missing documents in the "doctored docket" for any of the names put on each state's hidden "list."

56. As for eliminating the targeted children's parents one-by-one, with those different forms of "death baiting" as well as honey potting and swatting, the invisibly weaponized and hidden "courtrooms" continue to cause exponential numbers of never ending, nation-destroying psuedo-divorces, psuedo-custody disputes, psuedo-court filings, courthouse forgeries, false charges, false restraining orders, unlawful arrests, unlawful imprisonment, bankruptcy, addiction, adult suicide, child suicide, murder-suicide, mass-shootings, killings-by-cops, cop-killings,

mass-mis-medicating (of all ages) and other fatal chaos consuming homes, schools and communities rather than those local "courtrooms" and other "state sponsored offices" and "departments" being used to implement measured, constructive, nation-building solutions instead.

57. Within "The State of Utah" the paid parts of the "local media" claim these statistics are "a sign of the times," "unexplainable," etc…but when these statistics are uncovered and reconciled with the timelines involving the creation of these 10 weaponized "courtrooms" and those 10 weaponized "courtrooms" becoming staffed by members of a counterintuitive, deceptive, global private association of peculiarly appointed "judges," "attorneys" and "psychologists" superficially known as "The Association of Family and Conciliation Courts (The AFCC)" it is "like clockwork." (While the AFCC was originally founded in California in the 1960's, what the deceptively weaponized AFCC quickly became as it moved its headquarters to Oregon, then to Florida then to Oregon again before settling in Madison, Wisconsin more than 20 years ago is yet another scapegoated or less-than-scapegoated bi-product of the most sinister layers of "authorities" within "The State of Utah" and beyond as "domestic terrorists" and far worse.

58. As of 2025, most of the members of "The AFCC" are spread across chapters in 19 states with the most sinister chapter being "AFCCUTAH.ORG." Other chapters are in Canada, Australia and the U.K. Like "Utah State Bar," the "Utah Judiciary," each of the 104-part-time members of the "Utah State Legislature," the "Governor," the "Attorney General" and every other "state authority" within "The

State of Utah," AFCCUTAH.ORG refuses to publicly acknowledge reports of this gateway to child trafficking and worse and there is video proof of this and other proof of this. Part of this is to self-proliferate the self-deception of attempting to omissively avoid public culpability by commissively claiming they didn't know about it while still believing that virtue signaling will allow them to pretend they are the most noble proprietors of legal matters when in fact they are the most blood-thirsty, murderous and disgusting. Another reason they don't act on reports delivered to them is because it seems they privately weaponize the reports against each other as different cabals of rival cults warring against other cabals of rival cults without any regard for life.

59. It is worth noting, that for what seems to be at least the past 8 years, 9 of those weaponized "Court Commissioners" have been females and 1 has been male. Most with counterintuitive connections to other organizations that could be miss-pedigreed in other heinously unthinkable ways as a "Court Commissioner."
60. When this "noble" ratio of females to males was exposed in public ways in 2025, AFCCUTAH.ORG changed their website and removed most of the females names as "Ex Oficio Members." (Internet Archived versions of the website confirm this.) However, within "The State of Utah" that "noble" ratio also seems to extend into other layers of "state authorities" within "The State of Utah" with leadership roles in critical "state offices" including police chiefs, sheriffs, Executive Directors, Directors and administrators being filled by questionably qualified females as

well. (This also isn't fair to the generations of females who have improved countless industries, endeavors and homes in immeasurable ways.)

61. While members of "The AFCC," directly drive these blood-lusting, murderous, monetized atrocities within "The State of Utah" and those 19 other states, other "judges," different types of "attorneys" and "psychologists" who are not direct members of "The AFCC" proliferate these atrocities as ad-hoc copycats. Others who are not members of "The AFCC" within "The State of Utah" are understandably groomed, tricked, bribed or otherwise controlled without commissively or omissively knowing the full scope and scale of this gateway to child trafficking and the billions of dollars in funny money every year that is behind it.

62. Among The AFCC and its ad-hoc copycats, these schemes that are rooted in forgeries, false accusations and other fabrications are collectively known as "The Silver Bullet."

63. As members of The AFCC or ad-hoc copycats, they hunt in packs, they are strategic in what they do and they support each other in their targeting, kills and other heinously unthinkable monetizations. (Because of the patterns of how millions of American children and parents have not survived these heinously unthinkable terrors proliferated through local "child cares," "schools," "courtrooms," "police departments," "jails" and other "state sponsored offices" over the past 40 years, it seems that the "state authorities" behind it all and associated with The AFCC are secretly betting and gambling on which American

children and parents they can cause the deaths of and that is another reason why once they target a child and parents they do not stop their doom loops until someone is dead no matter how much their targeting and retaliations reveal about the many different layers of their blood-lusting, murderous, monetizations.

64. (When it comes to The AFCC's indisputable, global, mechanisms of terror, tragedy and death operating "like clockwork," instead of "clockwork orange" and the "mechanization of morality," perhaps "clockwork grey" due to the mechanization of automatic doom hidden behind the baited appearance of "relief" is a more fitting description? Fittingly, a search for "clockwork gray" brings up "Toe Tags and Body Bags" by the horrorcore artist "Blaze Ya Dead Homie" and the album named none other than "Clockwork Gray." Because of this, perhaps "Toe Tags and Body Bags" should be officially recognized as the "National Anthem" of the "state authorities" secret, global, dystopian "Doom Nation" and "Toe Tags and Body Bags" should be sung every morning in the thousands of "child cares," "schools," "courtrooms," "police departments," "jails" and "political offices" the most sinister "authorities" have deceptively gained generational control of over the past 40 years?)

65. As if what is hiding within "The State of Utah" wasn't enough for "state authorities," to steal billions of dollars more as part of a deceptive "pump and dump" scheme targeting the global reach of Wall Street, some of the most sinister layers within "The State of Utah" came up with an unlawful, deceptive way to force more than one million parents across the U.S., Canada, Australia and the

U.K. to pay hundreds of dollars a year for a deceptive “app” known as “Our Family Wizard” that “The AFCC” secretly controls under the guise of “regulating communication between parents and monitoring communication between parents and children.”

66. As part of continuing the suicide baiting, rage baiting and honey potting, they do this even though communication between targeted and monetized children and targeted and monetized parents is “cut off” or will be “cut off” anyway. This “app” hiding in plain sight and being proliferated in these weaponized ways even though far more functional and far more rewarding apps have been available for free for over a decade.

67. In 2020, the most sinister layers behind “The AFCC” successfully courted the involvement of a deceptive, billion dollar Wall Street scapegoat named Spectrum Equity in exchange for a multi-million dollar equity position. For their part, Spectrum Equity should have “sounded the alarm” within the first few minutes of doing their “due diligence” before ever getting involved in any “equity position” as any well intending “equity firm” would require but instead, Spectrum Equity too chose to keep this gateway to child trafficking hidden and even added staff from the U.S.A. and the U.K. to be on the board of “Our Family Wizard.”

68. Even with the involvement of Spectrum Equity in 2020, until 2022, “the app” didn’t even offer “video calling” that had been available for free for more than a decade making the involvement of Spectrum Equity as a

"multi-million-dollar-investor-billion-dollar-co-owner" even more counterintuitive.

69. Utah judge Robert Faust was one of the first judges within "The State of Utah" to conspire with AFCC member "attorneys" and use his "courtroom" to force parents to buy "Our Family Wizard." (Faust is the son of the late James E. Faust who was one of "Mormonism's" 15-global leaders for decades.)

70. Before being appointed as a judge in Utah, Randall Skanchy once worked as an arbitrator for the National Association of Securities Dealers and may have been the connection between "The AFCC" and "Spectrum Equity."

71. Because no one notices how many children don't come back after "the cops" show up, because no one notices how many children don't come back after "child services" show up, because no one notices how many children don't come back after "summer break" (or even from day-to-day) and because the truth about what really happened to a parent who died from suicide, addiction, "having a mental health crisis," "having lots of legal problems," "being a danger to themselves and others" or worse is easily hidden in those horrifically altered "doctored dockets," finding surviving, monetized and targeted parents of targeted and monetized "absentee" children is rare.

72. Finding surviving parents of absentee children who can talk "constructively" about what they are experiencing is horrifically understandable, blood-boiling and even more rare.

73. For one reason or another, I am one of those surviving parents of targeted, monetized and absentee children. Starting seven years ago, in 2018, we were attacked by “state authorities” through a secretly weaponized “child care” and “courtroom” in such extreme, relentless, blatant ways that within the first few weeks I realized that what we were really surviving was an ongoing assassination attempt that will stop at nothing to see us shredded and the puree that was left hidden in the “state authorities” cartoonishly dystopian, nameless graveyard of no names.
74. In the seven years since, my two absentee daughters being my guardian angels wherever they are, that perpetuating my survival and my survival resulting in more and more retaliations attempting to eliminate me, I have learned that what is really happening is “Invisible Death Marches,” “Family Disassembly Lines” and “Fatal Human Trafficking On An Industrial Scale” targeting millions of children and parents among across “The U.S.A.” and beyond and that cartoonishly dystopian, nameless graveyard of no names covers the entire “U.S.A.” and beyond and it is filled beyond capacity.
75. By default, a targeted, monetized parent who somehow exists in the many layers of these indescribably distressing, manufactured, dystopian, anti-human, fabricated “reality” this long has the equivalent of an ion of tenure at an “Ivy League” law school no matter how close they were or weren’t at attending an “Ivy League” law school at one point or another in their journey.

76. More than three decades ago, I had a few brushes with paths that seemed to be a few brush strokes away from that direction and even though my path didn't take me through an "Ivy League Law School" I was once hired as an analyst of sorts by someone 34 years older than me who went to Harvard. I was told that I was hired because of "a rare combination of being a numbers nerd while also having a penchant for pain in the name of progress. What they didn't know is that it was really because I have always been a "crash-test-dummy" of sorts, courtesy of being part of the helmet-less "Gen X" and it was more a curiosity of collecting data and learning even when pain was involved rather than being a "numbers nerd." (Although I do love numbers. They are like a secret layered dessert that before your crush leaves in the middle of the night and disappears, they make for you and leave on a golden plate for you to discover. A golden fork just barely within reach daring you to crack the code that will lead you to the best way to eat the dessert while maintaining its aesthetics, with or without the cherry on top, and bring them back again…but I absolutely will burst that dessert against the walls, ceiling and floor in a rush to possibly jump my bike off a homemade jump if there's even a wisp that someone, somewhere is embarking on the ever suspicious, ever rewarding journey of building a homemade jump out of anything anyone fortuitously and foolishly abandoned on the curb in a neglected moment before—once lost, now found. NOW EAT IT.) From what I understand, it's a program we picked up when a certain arc appeared in the ether and we went like hell for it resulting in us plopping all over this blue dot of magic as "Gen X'ers."

In the soft-spoken words of one of our more famous idols: "Yippee-kai-yay-mother-f*cker" and in the not-so-softly spoken words of another less-than-famous-idol: "Forever 33 Ride or Die." (I might be confusing all that with something one of my co-parents named Optimus Prime once said though.)

77. That is definitely where my talents are and by now that is probably painfully apparent to you Dear Reader due to these adrenaline-addicted-adrenaline deprived "scribbles" as part of this sole-sourced-soul-summary of "Juggernaut Bubblegum" and the other adrenaline-addicted-adrenaline-deprived "scribbles" I have somehow scribbled over the past seven years including: the 417-page federal lawsuit I filed October 17; "Secret Not Secret" exposing the indisputable, more comprehensive story of "Mormonism;" and the mountains of other scribbles I continue to suspiciously update, attempt to "refine," launch and share as as part of "analyzing" this ongoing "global attack" and breaking it down into its most basic of principles. All sole-sourced-sole-scribbles far from "perfect," far from the ever moving geographical, geo-political preferences of selective "decorum" in one dystopian, clockwork gray "courtroom" or another and other parts of it being far from "delightful" but I like to believe that is more than understandable by brighter-helmet-wearing people who understand that it all had to be done without a helmet on.

78. As part of refining these ever moving targets and topics that used to take pages upon pages to summarize, they can now be summarized with just a "few words" or "phrases," some of these "words" and "phrases" include: the "gateway to child

trafficking," "doom loops of scapegoats scapegoating scapegoats," "malreciprocating" and "suicide baiting," that I somehow "invented" myself for better or worse (although in true "Gen X'r" and "MacGyver" fashion I did borrow the phrase "doom loop" from the 2015 movie "The Big Short" about the instigated and scapegoated 2008 U.S. financial crisis which many street-smart, non-Ivy League educated Gen X'rs had been pointing out to their patient, Ivy League educated mentors and others for at least 18 months before the rug was pulled.)

79. As part of being this reusable-crash-test-dummy and because my two daughters are 2,477 days apart and they have different mothers as well as patterns shared by other rare, still physically existing, reusable-crash-test-dummies existing as other targeted and monetized parents in all 50 states, I've also recognized that it is common for "state authorities" to determine who "Parent A" is and then threaten "Parent A" into doing horrible things against the targeted and monetized "Parent B" without any regard for the monetized children because it is "the children" that the "state authorities" really want and that for even more unthinkably heinous reasons it will all continue in exponential ways the more it all hurts the children and "Parent B."

80. Because the threats that "state authorities" make against "Parent A" are so deceptive, so severe and usually involve selectively-misinformed-new-truck-shopping-cops-with-guns, "Parent A" goes along with the threats understandably not knowing the threats are to eliminate the monetized "Parent B" first so that the "state authorities" can then target, monetize

and eliminate the monetized “Parent A” next and take the targeted and monetized children into the monetized gateway of child trafficking and beyond.

81. If “Parent A” has any sort of history as a less-than-perfect-person “state authorities” will exploit this in even more ways with their threats to fear monger “Parent A” into compliance, when “state authorities” instigate the opportunity to threaten “Parent A” into violate monetized visitation court orders hundreds of times, to make monetized false accusations, to file monetized false restraining orders, to not attend monetized court ordered mediations, to not attend monetized courtroom hearings, to tell monetized lies in courtroom hearings, to prey on extended family member’s vulnerabilities with psychological schemes and weaponize them, to instigate devastating psychological schemes of parental alienation that only makes the children more susceptible to the “state authorities” fatal manipulations (not to “Parent A”), to gatekeep, to undermine and to sabotage in any other heinously unthinkable way that the conspiring “state authorities” can contrive or regurgitate while also unlawfully cutting off the children and “Parent B” as “Parent B” willingly destroys themselves day-after-day, week-after-week, month-after-month, year-after-year chasing one honey potting false remedy after another instigated by the “state authorities” as those stolen days, stolen weeks, stolen months and stolen years are then deleted from moment-to-moment with more honey potting false remedies or other instigations until “Parent B” is finally fatally eliminated, unlawfully imprisoned or silenced in other ways —and then it's time for the “state authorities” to eliminate “Parent A” so the children can be

monetized in the gateway to child trafficking with line-item after line-item with no interference from either parent. (If after all those stolen days, weeks, months and years the children are still under age 18 and "monetizable" with one five-figure-"line-item" or one six-figure-"line-item" after another applied by the endlessly weaponized layers within the gateway to child trafficking. That is another reason why the "state authorities" stop at nothing when children are involved, the younger or more desirable the children, the worse the weaponized terrors seem to become and the more the weaponized, timeline of monetized line-items and other monetized timelines are accelerated. More and more weaponized "states" also continue to deceptively pass hidden legislation that make targeted "children" monetizable with different line-items until the children are age 26, not just "18" or "21" as many people are deceived into misbelieving.)

82. I've discovered that when "attorneys" are involved, it is common for "state authorities" to conspire until "Parent B" has been monetized and exploited out of everything. This includes former credit cards, former bank accounts, former vehicle equity, former home equity, former retirement, former reputation, former career, former family, former friends, etc...all inflicted by one conspiring attorney after another until eventually, when there is nothing more to take, this "lack of bounty" will be noted in coded case notes so other "attorneys" know there is nothing more to take and the targeted parent is then deceptively forced to be "Pro Se" in "court."

83. This is another reason “state authorities” Death Bait the parent into commiting suicide or dying in other ways because with that death, the “state authorities” can more easily steal more from home equity “assigned” to “Parent B” or “superficially assigned” to “Parent A” as well as stealing from the life insurance of the now dead “Parent B.” They do this by falsely claiming the now dead “Parent B” owed the “attorneys” “hundreds of thousands of dollars” in “legal fees” and no one can stop them without facing life destroying retaliation themselves. With it all done without notice, without a lawful paper trail and in other unlawful ways, the baited death of “Parent B” also keeps it all hidden without “Parent A” realizing what is really happening —until they come calling for “Parent A's” credit cards, bank accounts, vehicle equity, home equity, retirement, etc... This is another reason why the “state authorities” threaten “Parent A” into being their unknowing, weaponized scapegoat against “Parent B.”
84. As much as I’d like to include a link to the 90’s-anti-grunge ballad “God Shuffled His Feet” by “Crash Test Dummies,” I’m going to refrain because I believe there is no “God” or “Satan” commissively or omissively present in any of this. This is because what is happening is far worse than anything that could ever be written in “The Bible.” (If this makes you a little uncomfortable let me assuage your concerns by reminding you that even the word “Bible” isn’t actually anywhere in “The Bible.”)
85. Part of this is because, when a targeted parent doesn't die quickly enough baited “swattings” by “misguided cops,” “corrupt cops” or even by what seems to be

"ritualistic cops" murdering targeted people of all ages in baited, counterintuitive ways as part of an "initiation" or other "ritual" start to happen in many different ways.

86. Within "The State of Utah," these pawns, hitmen and ritualistic initiates disguised as "law enforcement officers lawfully pursuing a law enforcement encounter" are often part of selectively misinformed, deceptively mislabeled, monetized "squads" or "teams" that often include "local cops" posing as "federal agents" but not actually wearing any uniforms, carrying badges or wearing "body worn cameras" (for some unrelated reason I'm sure.)

87. Because the huge amounts of "funny money" that the "state authorities" have access to are so easy to get their hands on and keep hidden, it is easy for "state authorities" to groom, trick, bribe, bait, reward or otherwise influence corrupt layers of local "federal offices" including the local "FBI," local "U.S. Marshals" and local "Homeland Security" into proliferating these local terrors.

88. Within "The State of Utah" there are also examples when without notice, without a lawful paper trail and in other unlawful ways these non-uniformed, non-badge-carrying, non-body-worn-camera-wearing "squads" or "teams" deceptively and superficially pose as the Utah "Violent Fugitive Apprehension Strike Team (VFAST)" operating far away from the cities they are supposed to be "police officers" in. Stories of these types of fatal swatting attempts are not hard to find and include targeted parents being stalked, physically taken down and baited

at public parks or post offices with doctored stories in the paid parts of the local media also leaving out critical details in favor of click-bait and other headlines.

89. If the “squads” and “teams” disguised as “law enforcement officers lawfully pursuing a law enforcement encounter” are wearing “body worn cameras” it is still easy for them to obscure the camera's view then loudly narrate a false narrative claiming the target is doing something of an “assaulting” nature in that moment so they can murder the target and then use that “recorded audio” but “visually blocked” footage to conspire with more sinister layers of “state authorities” to keep it all hidden.

    a. In 2019, this orchestrated scheme of what bright minds can only describe as a “ritualistic murder” by “ritualistic cops” and “cover up” by the conspiring District Attorney was used by the notoriously corrupt West Valley City Police Department to bait and kill a man they had handcuffed behind his back and unlawfully taken into a closet deceptively disguised as a “waiting room for booking” counterintuitively hidden in the basement of the West Valley City Police Department.

    b. After leaving the man handcuffed behind his back for more than two hours without any logical, intuitive explanation to him, but plenty of hip-strapped guns just inches from his face, the man who they claimed was “intoxicated” finally stood up and attempted to save himself from their ritualistic mongerings.

c. At that time, one of the three “police officers” present, leaned into the man obscuring the “body worn camera” footage while exclaiming “he's got my gun” (even though the man was still handcuffed behind his back) and another “police officer” quickly entered the closet and fired one shot directly into the man’s head killing him instantly. Dead on his feet, the handcuffed man crumpled to the floor without any “police officer’s gun” in his dead hands. (The type of gun and round used to execute the man in this way didn’t seem typical of the type of gun and round that a well-intending “police officer” would carry to “protect and serve” but questions about this have gone ignored.)

d. As word spread, Salt Lake County District Attorney Sim Gill gatekept and deflected before eventually playing along with the ritualistic killing by not charging any of the “three police officers” with murder. Gil also gatekept and deflected when questioned about why the West Valley City “police officers” didn't take the man to the “Salt Lake County Jail” less than 10 minutes away for “booking” as usual regardless if the man was “intoxicated” or otherwise. There was also no explanation why the closet sized room was so small if it was intended for “booking procedures” as it is not uncommon for “West Valley City Police” to have several people at the “Salt Lake County Jail” waiting hours to “be booked” and this tiny, closet sized “pre-booking room” only had one chair in it.

90. When a fatal swatting fails to fatally eliminate a targeted parent, the need for a "cover up" by the "police officers" involved immediately arises. To initiate the "cover up" the target is immediately and unlawfully arrested and then unlawfully imprisoned for days, weeks, months or years while forgeries are retroactively proliferated attempting to make the "failed fatal swatting attempt" superficially appear in other line-item-driven "doctored dockets" as if it was an "arrest" (instead of a "fatal swatting attempt") all along. It seems that on many occasions the "police officers" baited into proliferating the retroactive forgeries have been selectively mis-educated to such a degree that they proliferate the false charges, fabricated arrest warrants and other forgeries without a "valid affidavit of probable cause," without a "valid arrest warrant" and without a "victims impact statement" because there was "no victim" of the target, only the blood-lusting, murderous, monetized illusions of the "state authorities" and the trigger-happy "law enforcement officers" scapegoated or less-than-scapegoated into committing murder.

91. If a targeted child is present, during a fatal swatting attempt, "state authorities" will sometimes fabricate and file more monetized false charges deceptively claiming that the targeted parent was "kidnapping a child." Stories are everywhere of fatally distressed, monetized and honey potted "Parent B's," desperate to save their targeted and monetized children from the gateway to child trafficking giving in to the honey potting and fleeing the state with their children only for "state

authorities" to up-the-ante and hunt them down with guns while "Parent A," wherever "Parent A" is, looks on in threatened silence.

92. After surviving any of the baited, fatal swatting attempts deceptively disguised by "state authorities" under one deceptively monetized line-item or another, if in any way a targeted parent resists the unlawful arrest that follows "state authorities" will fabricate and file more deceptively monetized line-items and false charges deceptively claiming that the targeted parent was "resisting arrest," "assaulting law enforcement officers" and worse —even when the "law enforcement officers" weren't wearing uniforms, weren't displaying badges and weren't using body worn cameras —and because of this "Parent B" had no idea who the "law enforcement officers" really were when the "law enforcement officers" attacked them and descended upon them in "a blink of an eye" that lasts an eternity for "Parent B" and any children present.

93. For some reason, the local "police officers" and their local "police chiefs" and local "federal level commanders" have a hard time remembering why they weren't wearing uniforms, displaying badges, using body-worn-cameras or being paid an exponentially high amount of "VFAST Incident Pay" while stalking, attacking and then killing (or "arresting") targeted parents at public parks, post offices and other public places. (That must be the reason why they refuse to talk about it too.)

94. When it comes to "state authorities" weaponizing suicide and keeping an unlawfully imprisoned parent locked away and hidden for weeks, months or years as part of weaponizing suicide, it is also done without ever providing the targeted

parent with a proper hearing, without providing the targeted parent with a proper trial and without providing the option for the targeted parent to bail out. (This is also part of why the "suicide rate" is exponentially higher "in jail" and for people who have been unlawfully imprisoned and "state authorities" know it and that is why they have used local "jails" to weaponize them in this way too.)

95. As part of the "state authorities" self-serving scapegoating of deceptively monetized line-items including "Pre-Trial Confinement" and "Confinement In Aid of Commitment" often proliferated by "Mental Health Court Officers" (a virtue signaling, line-item multiplying title bestowed without any "mental health training") through local "courtrooms" proliferated by the "Mental Health Court Judge" (also a virtue signaling, line-item multiplying title bestowed without any "mental health training.) When counterintuitive "hearings" do happen for an unlawfully imprisoned person as part of multiplying those weaponized, monetized line-items in more ways, the hearings are held under more illusions proliferated by secretly contracted "public defenders" and "prosecutors" commissively and omissively weaponizing those monetized line-items in more ways. (West Valley City uses two conspiring "contracted law firms" to weaponize secretly contracted "public defenders" in this way and without telling unlawfully imprisoned people about this arrangement with their "public defender." One of the law firms isn't even located within West Valley City.)

96. As the illusion of a line-item-multiplying "hearing" continues, it always includes regurgitated psychological schemes proliferated in the doom loops and certain

"law schools" as "reptilian law theory." This includes using words like "gross," "disgusting," "repulsive," "repugnant," "vile" in backwards ways (in well-intending psychological circles this is sometimes referred to as "projecting.") In addition to other psychological schemes of baiting and fear mongering for the "judge" to play along with it always includes using the word "concerning" over and over again in backwards, virtue signaling ways. (The phrase, "Mental Gymastics for the Olympics of Doom" don't even begin to describe the elements the conspiring "state authorities" will go to, especially when "recording" is conveniently "not allowed" in the "courtroom.")

97. For unlawfully imprisoned parents who just won't die in jail or take the bait of being "overdosed" on "mental health medication" the "state authorities" will want to try swatting the parent somewhere outside of jail again and will fear monger the parent into a "plea bargain to be released without a trial" but still creating a counterintuitive, line-item-multiplied "Criminal Record" for the innocent, unlawfully imprisoned parent in what "state authorities" describe with another line-item as "release in the interest of justice."

98. For targeted and monetized parents who manage to exist in unlawful imprisonment for enough months or years to go by for a "trial" to be held, counterintuitive things always seem to happen that prevent "juries" from knowing that it is the monetized children stalled in the monetized gateway to child trafficking that the blood-lusting, murderous "state authorities" really want and still want to monetize in more ways if they can just eliminate "Parent B." Not knowing that at the root of

line-item-multiplied "trial" is unlawful court orders, false charges from those unlawful court orders and fabricated arrest warrants to cover up a fatal attempted swatting, local "juries" always convict the targeted parent of something that the conspiring "judge" can then use to multiply those line-items in more ways while simultaneously continuing the suicide baiting by returning the targeted parent back to jail for days, weeks, months or years.

99. For targeted and monetized parents who somehow survive all this and exist long enough that their targeted and monetized children "age out" of the gateway to child trafficking (if the children also survive) "state authorities" will fabricate and file more unlawful, monetized line-items threatening all of them that if they ever try to contact each other they will be in violation of a "court order" and will be hunted by armed "law enforcement officers," arrested and imprisoned.

100. These unlawful threats are often proliferated with more line-items of unlawful "gag orders" and other deceptive forms of "state custody," "guardianships," and "conservatorships" for every member of the targeted, monetized "former family."

101. The blood-thirsty, murderous, monetized "state authorities" proliferate these nation-destroying atrocities from ever-worsening stage to ever-worsening stage because know that for every family they separated without notice, without a lawful paper trail and in other unlawful ways rather than implementing measured, constructive, nation-building solutions, every living child and every living parent is a liability that could one day result in a civil case being filed in "Federal District Court" against the "state authorities" for violations of federal code, for violations

of the Constitution of the United States of America, for violations of the Supremacy Clause that the state agreed to as part of "statehood" and that could all add up to huge amounts in penalties ordered to be personally paid by the "state authorities" to living victims or to survivors of deceased victims.

102. The "state authorities" also know that they could face criminal consequences for violations of the "Racketeer Influenced and Corrupt Organizations act of 1970 (RICO)" and consequences for violations of other criminal code with "life in prison" and "death" as possible penalties if left to a "criminal trial" and a federal judge.

103. In recent months however more and more "state authorities" have become aware that if their domestic terrorism becomes a military matter and they are hunted down as domestic terrorists, that most necessary, most righteous process would carry its own sanctions and penalties including "death."

104. There are also other far reaching implications facing the weaponized, superficial, "private associations" that have secretly weaponized "child cares," "schools," "police departments," "jails" and other "political offices" as part of this "Gateway To Child Trafficking," "Invisible Death Marches," "Family Disassembly Lines" and "Fatal Human Trafficking On An Industrial Scale. This includes: The weaponized "AFCC" as a "Domestic Terrorist Organization" and its 6,000+ imposter "judges," "attorneys" and "psychologists" as domestic terrorists; the weaponized, 400,000 member "American Bar Association" and its 400,000 members as an enabler of domestic terrorism; the weaponized, deceptive,

superficial “private bar associations” in dozens of states as enablers of domestic terrorism that “state authorities” secretly allow to masquerade as “state offices.” This includes the weaponized, 12,000 member “Utah State Bar” as an enabler of domestic terrorism; the weaponized Fraternal Order of Police representing nearly half of the U.S.A.'s 700,000 police officers as an enabler of domestic terrorism; as well as other weaponized “associations,” “organizations” and “orders.” Other far reaching consequences hold every public “law school” and every counterintuitively owned private “law school” accountable in the different financial ways each “law school” is entangled in.

105. On top of that, there is the “country club scale” of truth to face as well as the truth to family members that must be faced.

106. All this is another reason why once the “state authorities” target and monetize an American child, “Parent A” and “Parent B,” the “state authorities” will stop at nothing until all members of the “former family” are dead, unlawfully imprisoned or silenced in other ways.

107. While millions of targeted and monetized American children and parents and others have not survived over the past 40 years, over the past 5 years or so, some parents have discovered “hashtags (#)” in social media including #familycourt, #gagorder and #parentalalienation and from posts using those #’s they have learned that what is really targeting their children and them is this monetized “Gateway To Child Trafficking,” and the “Invisible Death Marches,” “Family

Disassembly Lines" and "Fatal Human Trafficking On An Industrial Scale" that are bi-products of it and that has allowed some parents to survive longer.

108. However, "state authorities" have also learned to follow these same "hashtags" and because the billion-dollar "social media" platforms are still in constant "development" the "state authorities" have been successful at getting posts and accounts using those #'s removed, deleted or "shadow banned" by conspiring and filing false reports about them.

109. Books including "In The Worst Interests of The Child" (2015,) documentaries including "Divorce, Corp." (2014,) "Erasing Family" (2020,) "These Little Ones" (2024) as well as channels on YouTube that "state authorities" haven't been able to block have also helped some parents exist a little longer allowing their targeted and monetized children exist a little longer. However, that survival only brings that ever-worsening retaliation by the "state authorities." (In 2024 my TikTok account "@guvvywuvvy" had many posts I made getting tens of thousands of views before they would be "removed" by false reports against them. Eventually the entire account was "shadow banned" and because of TikTok's dependence on algorithms, it has been impossible to get it "reactivated" even with attempting to mail letters to TikTok's "customer service" and "legal departments" that were "returned" without being opened.) In May 2009, a former member of the "Georgia State Legislature" named Nancy Schaefer began sharing in new ways her partial discoveries about "The Gateway To Child Trafficking" unlawfully separating hundreds of children and parents in Georgia. Her sharing this report contributed to

her being removed from the "Georgia State Legislature" by conspiring "state authorities." Schaefer shared what she discovered without knowing about the most sinister layers hiding behind trillion-dollar-"Mormonism" in Utah. In 2011 she and her husband were found dead-by-gunshot in their home. They were in their early 70's.

110. Now, Dear Reader, you say, "But, in addition to the billions of dollars that can be stolen from parent's credit cards, bank accounts, vehicle equity, home equity, retirement and life insurance by a few hundred thousand "state authorities" hunting in packs and freely using the American flag to bait and feed on 340 million Americans of all ages, what else is driving those 'state authorities' to do this?" The answer is what has become a $5 billion dollar "funny money" federal subsidy primarily known as "Title IV-E" that was deceptively created more than 40 years ago by scapegoated layers of the U.S. Government under the control of "Utah Authorities."

111. In its early years, this included the now late, Republican, aspiring Mormon, 42-year-term U.S Congressmen Orrin Hatch but it was not just limited to "Republicans."

112. As the years went on, Title IV-E was altered or exploited in other unthinkably heinous ways by Hatch and the Democrat, aspiring Jew, current 44-year-term U.S. Congressman from Oregon Ron Wyden.

113. In 1997 "Title IV-E" (also deceptively and superficially known as "The Adoption and Safe Families Act") was altered again by Democrat, aspiring

Christian, Yale Law School graduate and U.S. politician Hillary Clinton via Democrat, aspiring Christian, Yale Law School graduate and husband President Bill Clinton. That same year Hillary Clinton was also the featured speaker at “The AFCC's” deceptively named “Second World Congress” and her speech was titled “Taking It Over.”

a. A counterintuitive name for a global organization that claims that what they do is “In the Best Interests of the Child.” “The AFCC’s” other counterintuitive mantra “Standing In The Shoes Of The Child” only makes sense it is applied to the “death betting” and other gambling they seem to proliferate in regarding what children’s lives they can cause the deaths of and how. “Standing” is a term commonly used in monetized card games and “standing” while nation-destroying terror, tragedy and death unfold rather than implementing constructive, timely, nation-building solutions is exactly what “The AFCC” has proliferated for more than 40 years. Within “The State of Utah” the logo “Standing In The Shoes of The Child” can be seen on the last page of the doctored annual reports indicating the average of 12,000 - 14,000 children’s names being used every year.
b. Another one of many blood-thirsty, murderous, monetizing twists of “The AFCC” is when 30-year Executive Director Peter Salem rewrote a popular 1970's song he titled “The Judge In the Hat” with the lyrics “for the children, it is truly a great chance to, find what’s on the other side” (language also similar to what is heard in “Toe Tags and Body Bags.”)

After becoming Executive Director of The AFCC in 1994, Salem retired in 2024 as more and more reports about The AFCC continued to go unsilenced. Bryan Altman, the 20-year “operational leader” of “Our Family Wizard” took Salem's place.

114. Since 1997, “Title IV-E” has been altered, exploited and scapegoatede in more blood-lusting, murderous, monetizing ways. This includes the Republican, aspiring Mormon, 32-year-term U.S. Congressman from Idaho Mike Crapo as the counter intuitive “Chair” of the “Senate Finance Committee” who in 2024 along with former “Chair” Wyden instigated a honey potting “hearing” about “Title IV-E” then ignored thousands of letters mailed and emailed in by targeted parents.

115. The role of “Chair” in “The Senate Finance Committee” is a counterintuitive, superficially rotating role that controls the “funny money checkbook” of the scapegoated layers of “The U.S. Government” and that only Crapo, Wyden, Hatch and two other members of “U.S. Congress” have held over the past 25 years. The Republican, aspiring Baptist, 50-year-term, current U.S. Congressman from Iowa Chuck Grassley and the Democrat, aspiring Protestant, 40-year-term, former U.S. Congressman from Montana Max Baucus are the other two.

116. Like all “members” of “U.S. Congress” who have refused to step-aside resulting in term lengths much longer than 8-12 years and that 87% of Americans don't approve of, stories of “campaign funding” by counterintuitive lobbyists and other counterintuitive organizations (including AIPAC) towards Hatch, Wyden, Grassley, Baucus and Crapo are also prevalent.

117. For those who find it notable that “aspiring Mormon” is in the description of 2 of 5 members of U.S. Congress over the past 25 years in a role controlling the scapegoated multi-billion dollar checkbook of scapegoated layers of “The U.S. Government” that hundreds of millions of Americans are tethered to in one way or another, you should know that in addition to everything else this summary has shared about trillion-dollar “Mormonism,” over the past 100 years there are also 15 other names of “aspiring Mormons” who were hidden in the most critical roles of “The U.S. Government” at the most critical times in U.S. and global history involving global finance, gold, trade, war, coup, assassinations, assassination attempts, genocide and ecocide. In addition to Hatch and Crapo those names are Smoot, Clark, Eccles, Benson, W. Bennett, D. Kennedy, G. Romney, Reid, Leavitt, Huntsman, Quarles, Maxwell, Nibley, M. Romney, and Lee (There are others at less critical times too. However that doesn't include “Mormon adjacent” publications touting Mormonism's control of the “FBI” and “CIA” through generation after generation of recruiting from “Mormon Owned Institutions” including multi-billion-dollar “Brigham Young University” and its counterintuitively named, privately owned “J. Reuben Clark Law School” where the majority of “politicians” within “The State of Utah” attended in one way or another. This control of the “FBI” and “CIA” was also referred to in one Mormon-adjacent publication as “The Mormon Mafia” wink-wink however it did not mention that with that “control” comes plenty of funny money funded access to explosives, control of snipers and those other tangible and intangible “assets.”

118. For the defenseless, targeted children in the Title IV-E driven gateway to child trafficking, the heinously unthinkable terrors come in worsening wave after worsening wave as each parent is eliminated in different stages and the child is then commissively taken into the deeper layers of child trafficking or omissively allowed to fall into them.

119. This includes a story in the January 2024 issue of "Rolling Stone Magazine" that included reports from parts of the "FBI" indicating that 175,000 American children that are in "foster homes" are sex trafficked every year. While the report acknowledged that a huge number of American children also go "missing" from "foster care," it failed to acknowledge that this "Gateway To Child Trafficking" through local "child cares," "schools" and "courtrooms" is the deceptive reason why a huge number of those children are in "foster care" after being unlawfully removed from one or both parents without notice, without a lawful paper trail and in those other unlawful ways. (Ironically, it was while I was unlawfully imprisoned for over 40 days and moved to my third cell that I stumbled on this tattered issue already in the cell in late April 2024. It was in there as part of the limited number of magazines and books available from the twice-a-month jail library delivery that someone had previously requested and left in there. Discovering this issue while in jail, was worth the two months and eight days of being unlawfully imprisoned because out of the thousands of links I have dug up and saved, it was the first to link a number of trafficked victims to "foster care.")

120. Other reports indicate that the deeper layers of fatal child trafficking after this "Gateway To Child Trafficking" adds up to a huge number of targeted American children who are trafficked for labor, fatal pharmaceutical testing schemes, biological harvesting, ritualistic torture and worse. (If you're blood isn't boiling right now it's because of the cognitive dissonance you've been conditioned with to make you prefer the short-sighted-dead-end-of-denial instead of the journey to the truth just as the "state authorities" want you to prefer.)

121. When it comes to insights why the death of the targeted, monetized and trafficked children is "preferred" by "state authorities" in addition to that death keeping it all hidden and preventing a future lawsuit against the "state authorities," when a child dies with their name attached to those multiplied-line-items certain layers of "state authorities" can collect an additional "six-figure-payday" off "life insurance" schemes.) This is another reason why children may become targeted by "child services" and the parents baited and swatted (or arrested) after any illness the child may have is disclosed in a phone call to a state subsidised "doctor," "911" or other "state office."

122. As part of keeping hidden, "state authorities" within "The State of Utah" over the past 12 years have continued to pass more and more deceptive legislation that enables "state authorities" and armed "law enforcement officers" to target American children and parents in these ways and worse.

123. This includes deceptive language in more than a dozen deceptive "legislative bills" hidden among the 900 legislative bills that were originally part of the "2025

Legislative Session" with more than 500 legislative bills being "passed" by the 104-part-time members of Utah's part-time "state legislature."

124. Bright minds can't ignore that of those 104-part-time members of the 2025 class of the "Utah State Legislature," more than a dozen are full-time "attorneys" and a handful of them are the "state legislators" that seem to always be connected to the most sinister legislative bills enabling this "Gateway To Child Trafficking" and worse. Of that handful going back about 12 years, at least one of them wasn't even "elected" but was "appointed" by the notoriously corrupt Gary Herbert who was "governor" from 2009-2020.

125. Utah's current governor, Spencer Cox was "Lieutenant Governor" to Herbert from 2009-2020 and after being counterintuitively "elected" as "Governor" in 2020 and then again in 2024 Cox has proliferated this billion dollar "Gateway To Child Trafficking" and kept it hidden in other ways.

126. Also an "attorney" Cox was once a "law clerk" to a controversial local federal judge within "The State of Utah" named Ted Stewart who was once a law clerk for the controversial Orrin Hatch. (Stewart is controversial because in 2018 while a sitting "federal judge" he published a book advocating for the abolishment of his superiors, the scapegoated U.S. Supreme Court continuing the decades long scapegoating of "The Feds" and the American flag by "state authorities" throughout Utah and beyond.

127. This is also another indication that for more than 25 years, "authorities" within "The State of Utah" have been acting as if Utah is secretly their own "nation"

while also stopping at nothing to control the rest of “The U.S.A.” as part of keeping all this hidden and worse.

128. This includes scapegoating what seems to be over $10 billion each year from the scapegoated layers of “The U.S. Government” as part of the Title IV-E driven gateway to child trafficking and other deceptions.

129. As part of all this, there are more heinously unthinkable patterns through 2024 and through today in 2025 in regards to 2024 and 2028 being election years for the office of President of the United States and counterintuitive chains of events involving the days before and after a certain assassination attempt in Butler, Pennsylvania on July 13, 2024 as well as a public murder committed in Utah on September 10, 2025.

130. For me all this includes that after being unlawfully cut off without notice, without a lawful paper trail and in other unlawful ways (including a death baiting forgery by a Utah State Bar/AFCC “attorney” and multi-layer cover up regarding one daughter in 2021 then similar death baiting stages as well as others cutting me off without notice, without a lawful paper trail and in other unlawful ways from my other daughter in 2023, in 2024 I was fatally swatted in five different ways over the course of six months but managed to survive each of those. (“West Valley City Police Officers” were out of their “jurisdiction” by being in Salt Lake City and were involved in the second and third fatal swatting attempts and it is yet to be confirmed if they were present and hiding in the first, fourth and fifth fatal swatting attempts.) I was unlawfully arrested twice in eight days- once each after

second and third failed fatal swatting attempts. (The first unlawful arrest carried out by West Valley City Police Officers, the second carried out by the scapegoated Salt Lake County Sheriff Department at the scapegoated and unlawful order of a "state authority.") After the second unlawful arrest I was unlawfullly imprisoned for two months and eight days without a proper hearing, without a trial and without the opportunity for bail but the only reason the "state authorities" let me out was because I didn't fall for the death baiting in jail like they wanted me to and they weren't able to murder me and disguise it as a "suicide" so they let me out with a criminal record "In the Interest of Justice" so they could try fatally swatting me again and again. They tried this at my home the first night I was out of jail and then after they tracked me with a GPS ankle monitor that they unlawfully locked to my leg for 90 days they tried the fifth fatal swatting attempt at a public place the very next day. (It seems that not only is "Our Family Wizard" used as part of stealing millions from Wall Street but once a targeted parent is forced to download it on their phone, it can be used to track the parent as part of scapegoated fatal swatting attempts, death baiting, "gang stalking" and other dystopian terrors.)

131. Because the many layers of "state authorities" and corrupt cops who proliferated these atrocities upon my two daughters and upon me over the past 7 years and especially the events of 2024 did so in such heinously unthinkable, sloppy ways, there is indisputable proof of all this. Indisputable proof that has been presented in many local ways at the local "state level" and the local "federal level" but has also been silenced for deceptive reasons. Now, that indisputable

proof is presented in indisputable ways in that 417-page federal lawsuit filed October 17, 2025 in the Federal District Court District of Columbia, Case # 25-CV-03705.

132. For me, shining a better-than-bright-light on these heinously unthinkable terrors proliferated by more than 80 “state authorities” individually named in that federal lawsuit has also included me making and holding up 12-foot-tall signs at the local office of the “FBI” begging the “Regional Director” to call me.

133. After doing this on nearly a dozen occasions more than two years ago and the Regional Director never calling, I stopped until in January of 2025 a new Regional Director was assigned. After attempting to have that person call me with nothing to show for it I stopped again.

134. However, that person was apparently replaced on September 8, 2025 (yes two days before that public murder in Utah) but I didn't find out about the replacement until September 13th as part of the counterintuitive publicity and presentations by Spencer Cox, FBI Director Kash “$” Patel and that new Regional Director Robert Bohls with Cox and Patel counterintuitively throwing out plenty of “33’s” and Patel apparently not knowing that the counterintuitive suspect initials “T.R.” wasn’t “caught by the FBI” after “33” hours but had simply “turned himself in by phoning a family friend in law enforcement.” (Apparently Patel gets his news from paid parts of the media that are paid way more than others regardless of truth and less-than-truth.)

135. After I found out that the Utah Regional Office had Bohls as a new director after female directors Mehtab Syed and Shohini Synha, on Sunday September 14th, not knowing the Utah FBI only works from 8:30-4:00 Monday through Friday, I delivered another updated report to the Utah Regional FBI building on Sunday, September 14. With no response by September 16, I then went back and held up a sign with my phone number on it asking Bohls to call me. With now call as the days turned into weeks again,. I then delivered another updated report on October 27 then went back and held up an even bigger sign on October 31. As of today December 1, 2025, I am still haunted by silence.

136. To further transform the number "33" into a number of light rather than deception and although I share hundreds of links as part of "Juggernaut Bubblegum" that can be found in a few clicks through the social media links posted at www.linktree.com/operationwalkout, it seemed appropriate in this summary to share "33" links here. (When I was unlawfully imprisoned I discovered that if it went on for years like other people I met in jail all the different websites I had set up about "The Gateway To Child Trafficking" would eventually "go dark" because while in jail I wasn't allowed to pay the monthly fees to keep them up and a person on the outside who had gone into hiding told me on a rare phone call that one website had already "gone dark." This was in addition to measured social media posts that took endless hours to prepare also "going dark" or being "removed." In "The Salt Lake County Jail," it can take weeks to simply get a single, five minute phone call out if at all. There are many reasons for this.

Because of that, and because I am still targeted with unpredictable retaliation from moment-to-moment, I've learned to stick with the free version of Linktree and Internet Archive for now.)

a. #1 - Link to the FBI related article in the January 2024 Rolling Stone Edition. It doesn't seem to be a coincidence that the web address for the article ends in "666."
b. #2 -Link to one of the "Mormon adjacent" articles touting "The Mormon Mafia" in the "FBI" and "CIA." This one is from 2015.
c. #3 - This link from 2012 that was reaffirmed in 2025 confirms that as of 2012 the scapegoated "Title IV-E" ("Adoption and Safe Families Act" offered more than $5 billion dollars of fabricated funny money to be laundered and stolen. Within "The State of Utah" deceptive multi-million dollar "programs" scapegoated in virtue signaling ways as being "for children" are common, even when there are buried, counterintuitive "wait lists" as long as seven years for overwhelmed families with special needs children to get the resources they need. Scroll to the bottom of the report or search "$5,830,000,000."
d. #4 -The weaponized 2023 "Guardian Ad Litem and Casa Report" compiled by "AFCC staff members" and other "state authorities" within "The State of Utah." This report indicates that in 2023 the names of 12,533 Utah children were on the AFCC's monetized list as part of targeting Title IV-E. However, there is indisputable proof that the report is fabricated.

Depending on other reports, and “values” assigned to those multiplied-line-items, “The State of Utah” can fabricate, launder, and steal more than $100 million dollars for every 1,000 names on “the list” whether those names are on their “lawfully” or “unlawfully” and whether the child is dead, missing from “state custody” or whether the name is entirely fake.

e. #5 - Secretly weaponized report from 2021 indicating 11,910 names.

f. #6 - Secretly weaponized report from 2016 indicating 14,706 names.

g. #7 - An example of dozens of people posing as other “state authorities” and using names of fake children to steal tens of millions of dollars. However because the “DOJ” has ignored reports about “The Gateway To Child Trafficking” this report may be another honey potting scheme deceptively designed to make the public believe that the scapegoated layers of “The U.S. Government” are not “scapegoated” and that they “care” about “imposters” using fake children’s names to steal huge amounts of money when they actually are part of it and look the other way when reports are sent to them about it.

h. #8 -2020 report about 18 “state authorities” within “The State of Utah” being charged with misusing millions of dollars in federal grant funds. Ron Gordon, featured in the photo and who was one of the 12 charged was the attorney for the notoriously corrupt Utah Governor Gary R. Herbert when charged with the previous fraud that had occurred. He was the “Executive Director of the Utah Commission on Criminal and Juvenile Justice” at the

time of the alleged fraud. However a year later, Utah's Chief Justice Matthew Durrant promoted Gordon to being "Executive Director of the Administrative Office of the Court" where hundreds of millions of dollars of "The Gateway To Child Trafficking" are easily monetized and kept hidden every year through those other "state offices" secretly staffed, proliferated and mis-pedigreed by members of "The AFCC."

i. #9 - 2020 report by Reuters providing insight into how thousands of "state judges" who broke laws or oaths still remain on "the bench" as "judges." Ironically (or unironically) a judge from Utah is featured in the article. This report however does not reveal "The Gateway To Child Trafficking."

j. #10 - 2020 Report by Reuters providing insight into how childcares are used in child sex trafficking.

k. #11- 2024 report by the "Utah Department of Health and Human Services" under Tracy Gruber regarding "Title IV-E" forecasting from 2025 -2029. (Revised October 27, 2024).

l. #12 -In 2023, Spencer Cox was counterintuitively elected to be the President of the "National Governor's Association" even though only two other Republican governors attended his "acceptance speech" and only a handful of Democrat Governors did.

m. #13 -Spencer Cox bio from National Governor's Association indicating Cox was a Clerk for Ted Stewart.

n. #14 - On July 11, 2024, two days before the Butler, PA assassination attempt, Cox, a Republican counterintuitively appeared on the Democrat leaning CNN to scapegoat Trump and publicly claim that Cox was a "Romney Republican" and an enemy of MAGA and would not be supporting Trump. Note: with Cox as the counterintuitive "President of the National Governor's Association" the "Republican National Convention" was scheduled to start in a matter of days, on July 15th where Donald Trump was expected to be named as the Republican presidential nominee.

o. #15 -Also on July 11, 2024, U.S Congressman from Utah Mike Lee introduced "The Bowser Act" attempting to eliminate the "Washington D.C." home rule act which would effectively result in the "last string of the Constitution" that is the "Federal District Court District of Columbia" being cut and "state authorities" hiding within "The State of Utah" having one less obstacle to gaining control of "The U.S.A." (As of 2025 Lee is still deceptively pushing to get "The Bowser Act" passed.)

p. #16 -On July 15, 2024, two days after the failed assassination attempt of Donald Trump on July 13, 2024, Spencer Cox scapegoated Trump again by Cox reversing his position as a "Romney Republican" and an enemy to MAGA just days before and claiming that he would support Trump as the Republican nominee.

q. #17 -Just six weeks later Cox scapegoated Trump again by traveling to Arlington Cemetery and inviting Trump to take part in photos at the grave

of a Mormon soldier then leaking those photos to the media as if Trump had taken the photos at a random soldier's grave as part of a misguided publicity campaign. In paid parts of the national media there was no mention of Cox or that the grave was that of a Mormon soldier. At this point, bright minds cannot ignore "who" would have deceptively replaced Trump as the "Republican Nominee"(Cox) if that July 13, 2024 assassination attempt would have been successful and who Cox would have chosen as "VP" (Lee) inevitably also forcing "The Bowser Act" through within months of taking office but when the assassination attempt wasn't successful the "love bombing" and other scapegoating attempts were then proliferated as part of "Cox & Co." (or those most sinister layers controlling them) attempting to "politically assassinate" Trump in an attempt to keep controlling the narrative and keeping "The Gateway To Child Trafficking" hidden that way.

r. #18 - This is the archived page to AFCCUTAH.ORG listing the 9 female and 1 male "Court Commissioners" as "Ex Oficio" members. (Scroll to the bottom.) This page was archived before the current version was changed after this "Gateway To Child Trafficking" began to be exposed in these new ways related to "The State of Utah."

s. #19 -AFCCUTAH.ORG President Todd Wetsel refuses to accept a one page report from me about this "Gateway To Child Trafficking." This was after Wetsel had refused to take any calls in the months leading up to this so

when I learned that AFCCUTAH.ORG was being allowed by the Salt Lake Bees (owned by Ryan Smith, former co-owner of the counterintuitive, billion dollar Qualtrics) I made a 12 foot tall sign, held it up and passed out the report to members of the public. In this two minute video hosted on my YouTube channel "@guvvywuvvy," you will see that Wetsel, who appeared intoxicated, approached me as I was peacefully holding up my sign and passing out copies of the report to members of the public. (Saturday, September 21, 2024.) As a "Utah company," "Qualtrics" is counterintuitive because it relies on millions of dollars of income from "government contracts" and in 2025, without specifically naming "Qualtrics" DOGE discovered that billions of dollars of "government contracts" were not legitimate. This is another reason why the most sinister layers hiding within "The State of Utah" may have wanted to eliminate Trump from the 2024 election by any means necessary no matter how much counterintuitive "scripting" would be needed before and after those attempts. (There is more. Much more. Much much more.)

t. #20 -Link to a ten minute video I put together about some of the counterintuitive "scripting" before and after the July 13, 2024 assassination attempt. This includes the peculiar, concealed hand-off of a window-moving halligan bar between two law enforcement officers in the hours after and when they apparently thought no cameras were recording. Questions are also asked about why that counterintuitive building with no

Secret Service on the roof was also counterintuitively locked by the few well-armed, halligan bar hiding law enforcement officers inside preventing law enforcement officers on the outside from coming in unannounced during those critical minutes.

u. #21 - 1997 Newsletter for “The AFCC’s” deceptively named “Second World Congress” in which Hillary Clinton was the “Chair” of the “Second World Congress,” spoke and wrote the article “Taking It Over.” Note that the year “1997” was considered “pre-internet” as “email” was just being made available to the public.

v. #22 -In 2008, in exchange for millions of dollars in kickbacks that they expected to stay hidden, two “state judges” in Pennsylvania were convicted of using their “courtrooms” to traffic more than 2,400 children into privately owned “youth centers” without notice, without lawful paper trails and in other unlawful ways. This is just the surface level of what happened with stories of terror, tragedy and death among the 2,400 children and their death baited, honey potted, swatted and unlawfully imprisoned parents being the next stage of the “Invisible Death Marches,” “Family Disassembly Lines” and “Human Trafficking On An Industrial Scale” proliferated by these two judges and other “state authorities” who were not investigated.

w. #23- As a member of “the public,” during the “33” weekdays of the “2025 Utah Legislative Session” held from January 21, 2025 - March 7, 2025, I

was at “The Utah State Capitol” nearly everyday deciphering counterintuitive schedules for “legislative committee meetings” regarding more than 900 “legislative bills” and figuring out how to attend as many of those “committee meetings” as possible. I was able to speak for 1-2 minutes about “The Gateway To Child Trafficking” in more than a dozen “committee meetings” during that time. I always finished by asking “What questions can I answer for you?” but I was ignored every time and only silence followed from the dozen or so different members of “The Utah State Legislature” on each “legislative committee” that were sitting in front of me and dozens of “Executive Directors,” “Stakeholders” and others associated with “The State of Utah” sitting behind me. This clip is just one of more than a dozen video clips available.

x. #24 -Letter from Utah Governor Spencer Cox to me via the Utah National Guard Provost Marshall/Branch Protection Chief “debarring” me from any “Utah National Guard” facility after I had patiently and politely hand delivered two, one page reports to the public entrance booth at the Utah National Guard facility in Bluffdale, Utah. One in February 2024 and one in July 2024 (after I had been unlawfully imprisoned for two months and eight days.) The letter threatens to have me “detained,” delivered to “authorities” and criminally prosecuted if I deliver any more reports to any “Utah National Guard” facility.

y. #25 -Link to the rough draft of an affidavit I have prepared providing insight into a dozen or so deceptive "2025 Legislative Bills" that secretly enable "The Gateway To Child Trafficking" and keeping it all hidden.

z. #26 - Nancy Schaefer's May 2009 appearance on the controversial podcast "Infowars." The controversial host claims to have been researching this for years yet after Schaefer's appearance that host still did nothing to stop "The Gateway To Child Trafficking." This raising more suspicions about that "host" actually being yet another deceptive, scapegoated honey pot in the doom loop of scapegoats scapegoating other scapegoats.

aa. #27 - A speech by Schaefer to an international organization in August 2009.

bb. #28 - 2019 link to AFCC newsletter including 30-year AFCC Executive Director Peter Salem's rewritten, ritualistic song of terror, tragedy and death with the title "Judge In The Hat" and his mocking, rewritten lyrics. (Search "Judge In The Hat" to locate it within the newsletter." Note that as the "song" implies, the families of many celebrities have also been targeted, monetized and destroyed by the AFCC's death baiting, honey potting and fatal swatting schemes. Over the past few decades this includes the families of Val Kilmer, Britney Spears and Brad Pitt also existing through decades of ongoing schemes designed to fatally destroy them and take everything from moment-to-moment.)

cc. #29 -2021 "PBS Frontline" report about West Valley City Police Officers counterintuitively killing the handcuffed man in the basement of the police

department. (The report exposes many concerns about the killing but understandably fails to acknowledge the killing as a baited, scapegoated ritualistic murder.) While this happened in 2019, this is a link to a 2013 report about a 2012 fatal swatting attempting to eliminate parents so children could be taken into "The Gateway To Child Trafficking" that was then retroactively disguised as a "police encounter" and included forgeries, and misuse of GPS just as I experienced 12 years later by the same "West Valley City Police Department" in 2024.

dd. #30- Like other "unassuming" videos of heinously unthinkable acts of terror, tragedy and death being proliferated by "state authorities," this is how "unassuming" it can look when ritualistic "West Valley Police Officers" try to trick someone into going into a darkened courtroom so they can put a bullet in the person's head and blame the person. This is one of two "body warn camera" videos from the third of the five fatal swatting attempts that I survived. This is from March 5, 2024 after the West Valley City Police Officers had again baited me to Salt Lake City's Matheson Courthouse (out of their jurisdiction) then stalked me in the hallway for five hours while I waited for a deceptively staged "hearing" in the hopes of seeing my daughters. (There is more. Much more. Much, much more revealed in the federal lawsuit.)

ee. #30 -My video about hidden statistics within "The State of Utah" and other "selective history" regarding trillion-dollar- "Mormonism" that I filmed

near the grave marker of Martin Harris five years ago in the spring of 2020 (just as "Covid" was causing lockdowns across the country.) The video was filmed under extreme distress and constant threat of me being "shutdown" at any moment. It is also unedited and hard to watch because of all that. I include it here just as another point-of-reference to what this summary shares.

ff. #31 - On October 31, 2025 when I was holding my sign up outside the Utah FBI regional building, a group of moms who have also been talking to the local FBI about "The Gateway To Child Trafficking" got word that I was there. One immediately dropped everything and drove more than an hour to get there and record this video. If for some reason the link doesn't work, here is a backup link.

gg. #32 and #33 For At Least Four Years In The Early 1950's Mossad's Scapegoated First Director Was In Washington D.C., So Was A Scapegoated CIA Man Who Would Eventually Become One Of Mormonism's 15 Global Leaders.

137. By now there should be no question that for decades what whistleblowers have referred to as "The Deep State" is actually "Deep State Utah."

138. Within "Deep State Utah" that includes an old saying: "What Mormons do for Mormons is good for Mormons but what Mormons allow Jews to do for Jews is even better for Mormons."

139. For those who may be quick to react in short-sighted ways to that old saying it is important to remember that there is a difference between “aspiring Mormons” and “imposter Mormons” and there is a difference between “aspiring Jews” and “imposter Jews.”

140. Part of this is because when it comes to that handful of “Mormons” in hidden roles at the most critical times in U.S. history and global history going back more than 100 years, that includes allowing the death baited, honey potted, scapegoated genocide of 33% of “aspiring Jews” living in Europe as part of the most sinister layers “eliminating religious competition” and simultaneously gaining control of millions of others, but then scapegoating the 66% of surviving “aspiring Jews” in Europe in other death baiting, honey potting and swatting ways nearby as part of eliminating millions of other people to “eliminate religious competition” in other ways while also simultaneously gaining control of millions of others in other ways.

a. See this link from PBS and other links from your own search results. (In the link, search the word “million” to discover that for 12 years, from 1933-1945, scapegoated layers of “The U.S. Government” allowed approximately 6 million “aspiring Jews” of all ages to be violently killed at the scapegoated, weaponized and counterintuitively financed hands of Adolf Hitler before finally ending Hitler on April 30, 1945. That number resulted in a 33% decrease in the number of “aspiring Jews” living in

Europe. Certain scapegoated American companies were also made very wealthy during those 12 years. See these two links. (1) (2)

141. However, immediately after Hitler was "ended," in 1945, deceptive plans to use surviving "aspiring Jews" to eliminate others began. This includes three scapegoated dates publicly proliferated to hide the deceptive creation of another scapegoated, weaponized and counterintuitively financed group in the nearby Middle East to death bait, honey pot, swat while being disguised as a "religion." These three scapegoated dates are December 13, 1949; May 26, 1949; and May 14, 1948. If you don't recognize these dates, they are the dates for:

a. #1) December 13, 1949 -The scapegoated, weaponized, counterintuitively financed creation of a group in the Middle East known as "Mossad" who has proliferated hundreds of assassinations and aided in coups and other baited terror in the name of that "religion." See these two links (1) (2).;

b. #2) May 26, 1949 (seven months before) -The scapegoated, weaponized, counterintuitively financed creation of a "military" in the name of that "religion" and to: a) protect that death baiting, honey potting and swatting group (Mossad) and b) enable hundreds of billions of U.S. dollars to be fabricated, laundered and stolen via those scapegoated layers of "The U.S. Government." See these two links (1) (2).

c. #3) May 14, 1948 (Tne year before) -The displacement of the population of a land in the name of that "religion" to deceptively create a scapegoated, weaponized, counterintuitively financed "nation" in the name of that

"religion," the scapegoat for "The Israel Defense Force" created one year later which is the scapegoat for "Mossad" created seven months after that serving as "the invisible dark hand" of the most sinister layers of "authorities" hiding behind scapegoated layers of trillion-dollar-"Mormonism" hiding within "The State of Utah" as "The Ghost In The Machine."

142. Because, going back more than 100 years this "Ghost In The Machine" proliferating these heinously unthinkable atrocities within "The State of Utah," across "The U.S.A." and beyond is rooted in deceptive, malreciprocating illusions of "trivialization," "invalidation" and "two types of alienation," those most sinister layers of "authorities" proliferating the "Ghost In The Machine" as well as their doom loops of scapegoats scapegoating scapegoats do so because they have been "trivialized," "invalidated," "alienated from themselves" and "alienated from others" to oblivion and in their maladaptive responses to those deceptively manufactured terrors they self-destructively pursue a misguided desire to achieve a deceptive, temporary, false sense of "validation" by short-sightedly attempting to control others in selectively altruistic ways that those malreciprocating illusions of "trivialization," "invalidation" and "alienation" demand. (Going back more than 100 years, there are many reasons for this and not all of those reasons are their fault.)

143. However, this has also included those weaponized forms of "psychology" that have deteriorated in "out-of-control" ways resulting in the cabals of rival cults

within the U.S.A. being at war with “The U.S.A.” and with each other to control “The U.S.A.” and to control “The World,” but those doom loops of scapegoats scapegoating scapegoats outside of the U.S.A. also unknowingly being at war with the cabals of rival cults even as they still serve the genocidal, geo-political, trillion dollar money laundering purposes of the most sinister layers (therefore biting the fabricated, laundered and stolen hand that they don’t know is the dark hand that has fed them for almost 80 years.)

144. However, over the past 40 years, they have also continued to be at war with others in other out-of-control ways. This is especially concerning because that weaponized, counterintuitively financed scapegoat in the name of “religion” publicly proliferated by “imposter jews” and known as “Israel” is not only the scapegoat for “The IDF” and “Mossad” it also controls about 60 nuclear weapons (also for “religious” purposes.)

145. While most people can safely assume that a bright person well-trained in “psychology” as a “psychologist” would be the last person to ever “lose their temper” over anything (if at all), when it comes to a less-than-bright (broken) person like Hitler was but who is also trained in “dark psychology” and who is using that “dark psychology” to eliminate others, to control others and to steal as part of death baiting, honey potting, swatting and worse, most people can safely assume that person would be the first to lose their temper and the results would continue to be “World Ending.” This while millions of “aspiring Mormons,” “aspiring Jews” and “aspiring Christians” desperately continue to let the world

know that those scapegoated, weaponized, counterintuitively financed layers of trillion-dollar- “Mormonism,” “The State of Utah,” “The U.S. Government” and the nation of “Israel” do not represent them in their own practices that include “Live and Let Live.” See these additional links:
